

Building a community in which Chinese Americans are able to face the end of life with dignity and respect

Chinese American Coalition for Compassionate Care (CACCC) has had the privilege of providing over **3,000** life education sessions on over **50 end-of-life related topics** to the Chinese community—touching the lives of **150,000 participants** around the world. These essential activities are provided at no charge, thanks to the generosity of sponsors and donors.

This year, the CACCC celebrates 20 years of providing compassionate services to the Chinese community and the healthcare professionals who serve them. In honor of this significant milestone, CACCC is hosting ***Compassion in Action: Empowering Caregiving with Human-Centered AI***, an educational fundraiser program on **Saturday, August 9, 2025** from **2pm-5pm** at the **Milpitas Community Center** (Milpitas, CA). The event will be conducted in English and Mandarin.

Keynote speaker **Jonathan H. Chen, MD, PhD**, an **Assistant Professor of Medicine at the Stanford Center for Biomedical Informatics Research**, will discuss the exciting potential for better care by combining human and artificial intelligence approaches. **Ms. Peggy Sheng, Chief Operating Officer of Coalition of Asian-American IPA (CAIPA)**, will share her personal family caregiving journey.

We'd be honored by your presence! Tickets are only **\$20 per person**, and your participation will help support our mission while celebrating two decades of meaningful service. Join us for an afternoon of learning, connection, and heartfelt celebration!

From **August 10-23**, CACCC will additionally host a series of in-person and virtual educational sessions in Mandarin: Poetic Medicine; Heart to Heart Café; Advance Care Planning; Volunteer Training; Suicide Prevention; Starting Difficult Conversations; Mindful Self-Care; Flower Arranging for Stress Reduction. The Healthcare Professional Forum will be conducted in English.

We hope you will join other community leaders and consider sponsoring CACCC's *Compassion in Action: Empowering Caregiving with Human-Centered AI*.
